

## **PART 8 - MARY RIVER CATCHMENT LOCALITY PLAN**

### ***Division 1—Contents of the Mary River Catchment Locality Plan***

#### **8.1 Outline of Mary River Catchment Locality Plan**

The following components comprise the Mary River Catchment Locality Plan—

- 8.1.1 Locality maps comprising of<sup>1</sup>—
- a) Mary River Catchment Zones (Map ZM5);
  - b) Mary River Catchment Biodiversity Overlay (Map OM5.1);
  - c) Mary River Catchment Heritage Overlay (Map OM5.2);
  - d) Mary River Catchment Natural Hazard Overlay - Landslide and Flooding (Map OM5.3);
  - e) Mary River Catchment Natural Hazard Overlay - Bushfire and Acid Sulfate Soils (Map OM5.4); and
  - f) Mary River Natural Resources Overlay (Map OM5.5);
- 8.1.2 General provisions for the assessment tables (Division 2);
- 8.1.3 Assessment tables for material change of use in each zone in the locality as follows—
- a) Detached Housing Zone (Division 3);
  - b) Semi-Attached Housing Zone (Division 4);
  - c) Village Mix Zone (Division 5);
  - d) Community Services Zone (Division 6);
  - e) Industry Zone (Division 7);
  - f) Rural Settlement Zone (Division 8);
  - g) Rural Zone (Division 9);
  - h) Open Space Recreation Zone (Division 10); and
  - i) Open Space Conservation Zone (Division 11);
- 8.1.4 Assessment table for the locality – Development other than material change of use (Division 12); and
- 8.1.5 The Mary River Catchment Locality Code comprising—
- a) General provisions for the Mary River Catchment Locality Code (Division 13);
  - b) Overall outcomes for the Mary River Catchment Locality (Division 14);
  - c) Specific outcomes for the Mary River Catchment Locality (Division 15);

---

<sup>1</sup> The relevant overlay codes relating to the overlay maps are located in Part 13.

- d) Specific outcomes for each zone in the locality including—
  - i. Detached Housing Zone (Division 16);
  - ii. Semi-Attached Housing Zone (Division 17);
  - iii. Village Mix Zone (Division 18);
  - iv. Community Services Zone (Division 19);
  - v. Industry Zone (Division 20);
  - vi. Rural Settlement Zone (Division 21);
  - vii. Rural Zone (Division 22);
  - viii. Open Space Recreation Zone (Division 23); and
  - ix. Open Space Conservation Zone (Division 24).

## ***Division 2—General provisions for assessment tables***

### **8.2 Categories of development and assessment**

The categories of development and assessment for each type of development are identified in column 2 of Tables 8.1 to 8.10. The types of development are as follows—

- 8.2.1 Tables 8.1 to 8.9 – making a material change of use for a defined use, another use in a defined use class or an undefined use, listed in column 1; or
- 8.2.2 Table 8.10 –development other than a material change of use, listed in column 1 and including—
  - a) Carrying out building work not associated with a material change of use;
  - b) Carrying out building work if demolition, relocation or removal of a building and not associated with a material change of use;
  - c) Placing an advertising device on premises;
  - d) Reconfiguring a lot;
  - e) Carrying out operational work associated with a material change of use where a Development Permit for material change of use has been issued;
  - f) Carrying out operational work associated with reconfiguring a lot where a Development Permit for reconfiguring a lot has been issued;
  - g) Carrying out operational work for the construction of a driveway for a **Detached house**;
  - h) Carrying out operational works for prescribed tidal works;
  - i) Excavating or filling of land not associated with a material change of use; and
  - j) Other.

### **8.3 Assessment benchmarks for assessable development and requirements for accepted development**

- 8.3.1 The assessment benchmarks for development are referred to in column 3 of tables 8.1 to 8.10;
- 8.3.2 For *accepted development subject to requirements* and development requiring *code assessment*, the relevant assessment benchmarks and requirements for *accepted development* are the applicable codes<sup>2</sup>.
- 8.3.3 For *impact assessment* development, the development is assessed against the whole planning scheme.

### **8.4 Consistent and inconsistent uses in zones**

- 8.4.1 In accordance with the following sections identified for the respective zones, a defined use or use class is noted in column 1 of the assessment table for making a material change of use for the relevant zone as either a consistent use or an inconsistent use in that zone—
- a) Division 16 — Detached Housing Zone (Sections 8.11 and 8.12);
  - b) Division 17 — Semi-Attached Housing Zone (Sections 8.14 and 8.15);
  - c) Division 18 — Village Mix Zone (Sections 8.18 and 8.19);
  - d) Division 19 — Community Services Zone (Sections 8.22 and 8.23);
  - e) Division 20 — Industry Zone (Sections 8.26 and 8.27);
  - f) Division 21 — Rural Settlement Zone (Sections 8.30 and 8.31);
  - g) Division 22 — Rural Zone (Sections 8.33 and 8.34);
  - h) Division 23 — Open Space Recreation Zone (Sections 8.37 and 8.38); and
  - i) Division 24 — Open Space Conservation Zone (Sections 8.40 and 8.41).

---

<sup>2</sup> Assessment benchmarks will include matters prescribed by Sections 3.5.4 (Code Assessment) and 3.5.5 (Impact Assessment) of *IPA* in addition to the provisions of this planning scheme.

### ***Division 13—General provisions for the Mary River Catchment Locality Code***

#### **8.5 Mary River Catchment Locality Code**

The following provisions comprise the Mary River Catchment Locality Code—

- 8.5.1 compliance with the Mary River Catchment Locality Code (Section 8.7);
- 8.5.2 overall outcomes for the Mary River Catchment Locality, including for each zone in the locality (Division 14);
- 8.5.3 specific outcomes and probable solutions for the Mary River Catchment Locality (Division 15); and
- 8.5.4 specific outcomes and probable solutions for each zone in the Mary River Catchment Locality (Divisions 16 to 24).

#### **8.6 Compliance with the Mary River Catchment Locality Code**

Development complies with the Mary River Catchment Locality Code if it—

- 8.6.1 fulfils the specific outcomes for the locality in Division 15; and
- 8.6.2 is a consistent use and fulfils the specific outcomes for the relevant zones (Divisions 16 to 24).

## **Division 14—Overall outcomes for the Mary River Catchment Locality**

### **8.7 Overall outcomes for the Mary River Catchment Locality.**

8.7.1 The overall outcomes are the purpose of the Mary River Catchment Locality Code;

8.7.2 The overall outcomes sought for the Mary River Catchment Locality are the following—

- a) New uses and works are located, designed and managed to—
  - i. be compatible with other uses and works;
  - ii. maintain the safety of people and works;
  - iii. avoid significant adverse impacts on the amenity enjoyed by users of other premises, including acoustic and visual qualities; and
  - iv. avoid significant impacts to native habitat including fragmentation, attrition, or removal of vegetation or significant habitat features;
- b) Development is consistent with the Priority Infrastructure Plan in Part 15.
- c) The Mary River Catchment retains its primary role as a rural and open space area, supporting a range of sustainable **Agricultural Uses**;
- d) The Mary River Catchment locality is bounded by—
  - i. the Shire boundary to the west;
  - ii. State forest, Upper Pinbarren Creek Road, Turnbull Road, Cootharaba Road and Louis Bazzo Drive to the north; and
  - iii. State forest, Six Mile Creek and rural properties in the east;
- e) Key features of the landform and landscape are protected including—
  - i. Mt Pinbarren National Park;
  - ii. Six Mile Creek and Tuchekeoi Conservation Parks;
  - iii. the Woondum, Cooroora, Yurol and Ridgewood State Forests;
  - iv. the values attached to the Six Mile, Coles, Pinbarren, Skyring, Happy Jack and Blackfellow Creeks and their many tributaries; and
  - v. the values attached to the remnant stands of rainforest and eucalypt forest;
- f) The physical setting, characterised by steeply dissecting mountain ranges and narrow valley floors, is preserved and protected including:-
  - i. the watercourses which flow to the Mary River, including Pinbarren, Coles, Skyring, Middle, Slate, Happy Jack, Blackfellow and Cooroy Creeks and the western arm of Six Mile Creek, as well as a small area in the very north within the Noosa River Catchment and the floodplain of Six Mile Creek ;
  - ii. the expansive valley floors and foothills associated with Six Mile, Pinbarren, Coles, Skyring, Middle, Happy Jack and Blackfellow Creeks, and the rich alluvial soils suited to small crops, cattle grazing and dairying;
  - iii. land in the north dominated by the Woondum Plateau, including the Cooran Tablelands/Mothar Mountain range system;

- iv. the northern extent of the Blackall Range and ranges associated with Black Mountain;
  - v. the valleys and many parts of the range systems of the western, southern and very northern part of the locality with a strong agricultural history;
  - vi. remnants of rainforest and eucalypt forest remaining on many of the steeper slopes and in the less accessible gullies that are highly susceptible to disturbance and landslides;
  - vii. the intrusive volcanic plugs of Mt Pinbarren, Mt Cooran and Mt Cooroora as prominent topographical and scenic features;
  - viii. the major watercourse of Six Mile Creek and the rich alluvial deposits of the floodplain associated with this watercourse, which are important agricultural resources;
- g) The Mary River Catchment communities maintain varying degrees of convenience and accessibility to urban services including—
- i. high levels in the south-east for those areas in close proximity to Cooroy with ready access to the coastal area of Noosa via the Cooroy-Noosa Road;
  - ii. moderate levels in the areas south of Pomona and in the Black Mountain Range to Cooroy area;
  - iii. low to moderate levels in the areas immediately south-west, west and north of Pomona and in areas adjacent to the village of Cooran; and
  - iv. low levels in the more isolated balance areas;
- h) The rural heritage and character, lifestyle, privacy, open space, vistas and level of accessibility enjoyed by residents of the locality is maintained;
- i) The traditional farming lifestyle, where large rural allotments and modest farm houses are key features, is maintained;
- j) Agriculture remains a significant part of the economic activity across the locality through—
- i. ensuring that traditional **Agricultural Uses**, including small cropping, cattle grazing and dairying are continued, especially on the better agricultural land on and adjacent to the valley floors;
  - ii. ensuring that **Agricultural Uses** and land suited to agricultural activities are protected; and
  - iii. promoting farm forestry within the locality;
- k) The scale and form of buildings and other structures are—
- i. designed to be responsive to the rural character and amenity of the locality;
  - ii. designed to retain strong historical connections through the use of sensitive and traditional building forms; and
  - iii. integrated into the landform and landscape;
- l) Residential development, for both residents and visitors consists of;
- i. low impact buildings of a domestic scale within densely landscaped settings; and

- ii. buildings that are well articulated and use traditional design elements consistent with the Queensland vernacular building style of the locality;
- m) Water supply is available to the town of Pomona and parts of Cooran village;
- n) Sewerage reticulation is available to the town of Pomona, with effluent transferred from the pump station in the south-east of the town, to Cooroy.
- o) Development form and density is constrained in areas outside of the urban areas by the lack of reticulated sewerage and the need to dispose of effluent on site;
- p) **Home-based businesses** are promoted where they are consistent with the amenity of the locality and environmental qualities;
- q) Sustainable, well-designed and locally appropriate visitor accommodation and other tourism development are compatible with, promote and enhance landscape character, natural environment values and rural values;
- r) Opportunities are provided for low impact, short stay visitor facilities, in the form of farmstay and bed and breakfast accommodation;
- s) Significant tertiary clay resources south east of Pomona are protected from land uses which would potentially impact on the utilisation of those resources;
- t) The impacts associated with any new extractive industry, changes to existing industry and the rehabilitation of extractive industries are prevented or mitigated;
- u) Recreation values are protected and enhanced through the maintenance of the scenic and environmental values of the locality;
- v) Development is designed and sited to protect significant views to Mt Cooroora, Mt Cooran and Mt Pinbarren particularly views from town and village centres and from the major road network;
- w) Noosa's open space network is protected and supports a range of recreational opportunities within the locality focusing on—
  - i. the Cooran Tablelands, Mt Cooroora and Black Mountain;
  - ii. Six Mile Creek;
  - iii. the Noosa Trail Network, and
  - iv. day and weekend tripping through Noosa's hinterland, where the facilities available in the rural towns and villages of Pomona and Cooran support these activities;
- x) The environmental and cultural heritage values of the locality are protected and well managed;
- y) Areas of native remnant or regrowth vegetation, including their biodiversity and habitat values are protected;
- z) The water quality of *watercourses* within the locality is maintained and enhanced;
- aa) The Bruce Highway and the North Coast railway are maintained as major transport facilities;
- bb) The utility of the Bruce Highway is maintained with safe access available across the locality, with direct points of access to the Bruce Highway being limited and reduced over time;

- cc) The rural communities of Federal and Ridgewood, located in the west of the locality, are characterised by clusters of large residential lots, with few community facilities and no commercial or retail services or facilities;
- dd) Federal Primary School and Ridgewood Hall serving Ridgewood are maintained as important community focus points;
- ee) For **Pomona**—
  - i. Pomona’s picturesque forest setting at the foot of Mount Cooroora and its rich rural heritage is protected;
  - ii. Pomona remains a small country town with a distinct heritage character and identity, promoted as the heritage centre of Noosa Shire;
  - iii. Urban development is limited to land within the Urban Growth Boundary as shown on Map ZM5;
  - iv. Historical buildings reflecting Pomona’s former administrative role for Noosa Shire, including the former Council Chambers, now the Noosa Shire Museum, courthouse, post office and police station are protected;
  - v. Pomona retains its role as an important rural service centre supporting a growing rural and rural settlement community. It offers a range of convenience goods and services and provides a focus for small scale retail, commercial and community activity;
  - vi. Pomona provides important employment and educational facilities for the locality;
  - vii. Retail uses such as shops and salons are consolidated to the west of the railway line and east of Reserve Street;
  - viii. Pomona is a visitor destination with attractions such as the King of the Mountain festival, Noosa Show, Majestic Silent Movie Theatre, Railway Artisan Gallery, Art Deco and Federation style buildings lining Memorial Avenue and the Pomona Hotel;
  - ix. Community facilities are provided including Pomona Memorial School of Arts and Pomona Community House;
  - x. Pomona’s distinct country town atmosphere derived from its traditional grid pattern street layout, old style town centre, country town façades, low rise buildings, and diversity of building forms reflective of past eras are maintained and protected;
  - xi. Building forms and scale reflect the traditional heritage streetscapes and the Queensland vernacular housing style;
  - xii. The town of Pomona retains its low scale heritage character with Art Deco shopfronts along Memorial Avenue and Federation style influences;
  - xiii. The urban residential areas of Pomona, characterised by typical Queensland vernacular houses (pitched roofs and lightweight construction raised on stumps) and open landscaped front yards with no or only low fences to frontages are maintained;
  - xiv. Rural settlement communities around Pomona are set within bushland settings, providing tranquil secluded living environments;
  - xv. More intensive forms of rural settlement occur on land with greater slope or not constrained by flooding, where rural vistas, privacy and open space are key features;

- xvi. Areas of lesser slope or within the flood paths of Six Mile Creek, Jampot Creek, Cooroora Creek or other watercourses have high potential for agricultural production;
  - xvii. Rural settlement lots with high levels of amenity, convenience and accessibility are provided for;
  - xviii. Pomona is established and maintained as the focus of farm forestry within Noosa and the centre for business-related components of Agricultural Uses within the locality; and
  - xix. New development is protected against the impacts of flooding;
- ff) For **Cooran**—
- i. Cooran, located at the foothills of Mt Cooran, is retained as a small rural village with an intimate rural character and identity;
  - ii. Cooran maintains a limited range of businesses, community facilities and services, including the primary school, Cooran Memorial School of Arts, the Cooran Recreation Club and sports ground, general store, restaurant, and several other businesses;
  - iii. Urban development is limited to land within the Urban Growth Boundary as shown on Map ZM5;
  - iv. The village character reflects both its timber getting heritage and its family orientated focus;
  - v. Alfredson’s old joinery and sawmill contributes to the rural village character of the locality;
  - vi. The small scale character is derived from the maintenance of low density residential living on relatively large urban allotments and rural settlement allotments;
  - vii. Residential areas in the village are characterised by relatively large urban lots and rural settlement lots that add to the low density rural character providing opportunities for home-based businesses;
  - viii. New residential areas retain the low rise, open streetscape character of the locality;
  - ix. The low key commercial, retail and industrial functions of the village are maintained to cater for the day to day needs of local residents rather than a full service centre; and
  - x. Cooran residents continue to rely on Pomona or Cooroy to fulfil most of their business and industry needs;
- gg) For the **Detached Housing Zone**—single detached housing prevails which maintains—
- i. a low impact, low density development form of domestic scale;
  - ii. a high level of residential amenity;
  - iii. building styles befitting the character of the locality and which respond to, and are integrated with, site characteristics including slope and native *vegetation*; and
  - iv. landscaped settings consistent with the character of the locality;

- hh) For the **Semi-Attached Housing Zone**—residents are accommodated in detached housing or semi-attached housing forms that—
  - i. offer a high level of residential amenity, design quality and safety; and
  - ii. respect the domestic scale of surrounding detached housing;
- ii) For the **Village Mix Zone**—
  - i. a range of **Business Uses** and **Community Uses** form the focal point for the settlements of Pomona and Cooran and cater for the immediate needs of residents and visitors;
  - ii. uses, buildings and other works are of a scale and form which contribute to the streetscape and are consistent with the historical village context within which they are located;
  - iii. development addresses the street and complements and enhances the traditional streetscape and building form; and
  - iv. a limited amount of *residential development*, particularly residences associated with business premises, are appropriate;
- jj) For the **Community Services Zone**—land committed or planned for community purposes—
  - i. is protected and managed to enable the efficient and timely delivery of community services; and
  - ii. consistent with the indoor recreation, education, social and safety needs of the local community, including people with special needs, such as the elderly, children, low income earners and disabled persons;
- kk) For the **Industry Zone**—land in this zone—
  - i. accommodates the principal industrial functions of Noosa including businesses associated with manufacturing, production, storage, repairs and the like to the exclusion of incompatible uses such as residential or community uses;
  - ii. does not accommodate uses that would harm the environment through excessive noise, odour, dust, or other pollution or waste; and
  - iii. is developed in a fashion that does not detract from the character of its locality;
- ll) For the **Rural Settlement Zone**—detached housing on large lots—
  - i. is the dominant building form, to the general exclusion of other uses;
  - ii. incorporates designs that respond to, and are integrated with, site characteristics including *steep slopes* and native vegetation;
  - iii. contributes to the rural or semi-rural character and amenity of the area;
  - iv. may be located in close proximity to working farms or other rural industries; and
  - v. offers a relaxed rural lifestyle for residents;
- mm) For the **Rural Zone**—rural land is protected and appropriately managed such that:-
  - i. Agriculture and habitat protection are the dominant land uses;
  - ii. the scenic and environmental values, the distinct rural amenity and agricultural productivity of the locality are preserved and are not adversely impacted as a consequence of development on or adjacent to that land; and

- iii. locally appropriate enterprises such as bed and breakfast accommodation, farmstays, cabins, camping grounds, roadside stalls and home-based businesses enhance the economic sustainability of the hinterland; and
- nn) For the **Open Space Recreation Zone**—areas of open space contribute to the desired lifestyle of residents by offering a variety of passive and active recreational experiences that are conducive to community interaction and wellbeing; and
- oo) For the **Open Space Conservation Zone**—natural environmental values of high order and warranting conservation status are—
  - i protected for their importance in contributing to *ecological sustainability* including maintenance of water quality and provision of habitat and open space linkages; and
  - ii appropriately managed to the general exclusion of development or any further subdivision of freehold lots.
