

## **PART 12 - TEWANTIN & DOONAN LOCALITY PLAN**

### ***Division 1—Contents of the Tewanin & Doonan Locality Plan***

#### **12.1 Outline of Tewanin & Doonan Locality Plan**

The following components comprise the Tewanin & Doonan Locality Plan—

##### 12.1.1 Locality maps comprising of<sup>1</sup>—

- a) Tewanin & Doonan Zones (Map ZM9);
- b) Tewanin & Doonan Biodiversity Overlays (Map OM9.1);
- c) Tewanin & Doonan Heritage Overlays (Map OM9.2);
- d) Tewanin & Doonan Natural Hazard Overlays Landslide and Flooding (Map OM9.3);
- e) Tewanin & Doonan Natural Hazard Overlays Bushfire and Acid Sulfate Soils (Map OM9.4); and
- f) Tewanin & Doonan Natural Resources Overlays (Map OM9.5);

##### 12.1.2 General provisions for the assessment tables (Division 2);

##### 12.1.3 Assessment tables for material change of use in each zone in the locality as follows—

- a) Detached Housing Zone (Division 3);
- b) Semi-Attached Housing Zone (Division 4);
- c) Attached Housing Zone (Division 5);
- d) Neighbourhood Centre Zone (Division 6);
- e) Business Centre Zone (Division 7);
- f) Community Services Zone (Division 8);
- g) Rural Settlement Zone (Division 9);
- h) Rural Zone (Division 10);
- i) Open Space Recreation Zone (Division 11); and
- j) Open Space Conservation Zone (Division 12);

##### 12.1.4 Assessment table for the locality—Development other than material change of use (Division 13);

##### 12.1.5 The Tewanin & Doonan Locality Code comprising—

- a) General provisions for the Tewanin & Doonan Locality Code (Division 14);
- b) Overall outcomes for the Tewanin & Doonan Locality (Division 15); and

---

<sup>1</sup> The relevant overlay codes relating to the overlay maps are located in Part 13.

- c) Specific outcomes for the Tewantin & Doonan Locality (Division 16);
- d) Specific outcomes for each zone in the locality including—
  - i. Detached Housing Zone (Division 17);
  - ii. Semi-Attached Housing Zone (Division 18);
  - iii. Attached Housing Zone (Division 19);
  - iv. Neighbourhood Centre Zone (Division 20);
  - v. Business Centre Zone (Division 21);
  - vi. Community Services Zone (Division 22);
  - vii. Rural Settlement Zone (Division 23);
  - viii. Rural Zone (Division 24);
  - ix. Open Space Recreation Zone (Division 25); and
  - x. Open Space Conservation Zone (Division 26).

## ***Division 2—General provisions for assessment tables***

### **12.2 Categories of development and assessment**

The categories of development and assessment for each type of development are identified in column 2 of tables 12.1 to 12.11. The types of development are as follows—

- 12.2.1 Tables 12.1-12.10—making a material change of use for a defined use, another use in a defined use class or an undefined use, listed in column 1; or
- 12.2.2 Table 12.11—development other than a material change of use, listed in column 1 and including—
  - a) Carrying out building work not associated with a material change of use;
  - b) Carrying out building work if demolition, relocation or removal of a building and not associated with a material change of use;
  - c) Placing an advertising device on premises;
  - d) Reconfiguring a lot;
  - e) Carrying out operation work associated with a material change of use where a Development Permit for material change of use has been issued;
  - f) Carrying out operational work associated with reconfiguring a lot where a Development Permit for reconfiguring a lot has been issued;
  - g) Carrying out operational works for the construction of a driveway for a **Detached house**;
  - h) Carrying out operational works for prescribed tidal works;
  - i) Excavating or filling of land not associated with a material change of use; and

- j) Other.

### **12.3 Assessment benchmarks for assessable development and requirements for accepted development**

- 12.3.1 The relevant assessment benchmarks are referred to in column 3 of tables 12.1 to 12.11.
- 12.3.2 For *accepted development subject to requirements* and development requiring *code assessment*, the relevant assessment benchmarks and requirements for *accepted development* are the applicable codes<sup>2</sup>.
- 12.3.3 For *impact assessment* development, development is assessed against the whole planning scheme.

### **12.4 Consistent and inconsistent uses in zones**

- 12.4.1 In accordance with the following sections identified for the respective zones, the defined use or use class is noted as a consistent use or an inconsistent use in column 1 of the assessment table for making a material change of use for the relevant zone—
  - a) Division 17 — Detached Housing Zone (Sections 12.11 and 12.12);
  - b) Division 18 — Semi-Attached Housing Zone (Sections 12.14 and 12.15);
  - c) Division 19 — Attached Housing Zone (Sections 12.18 and 12.19);
  - d) Division 20 — Neighbourhood Centre Zone (Sections 12.22 and 12.23);
  - e) Division 21 — Business Centre Zone (Sections 12.26 and 12.27);
  - f) Division 22 — Community Services Zone (Sections 12.30 and 12.31);
  - g) Division 23 — Rural Settlement Zone (Sections 12.33 and 12.34);
  - h) Division 24 — Rural Zone (Sections 12.36 and 12.37);
  - i) Division 25 — Open Space Recreation Zone (Sections 12.40 and 12.41); and
  - j) Division 26 — Open Space Conservation Zone (Sections 12.44 and 12.45).

---

<sup>2</sup> Assessment benchmarks will include matters prescribed by Sections 3.5.4 (Code Assessment) and 3.5.5 (Impact Assessment) of *IPA* in addition to the provisions of this planning scheme.

## **Division 14—General provisions for the Tewantin & Doonan Locality Code**

### **12.5 Tewantin & Doonan Locality Code**

The following provisions comprise the Tewantin & Doonan Locality Code—

- 12.5.1 compliance with the Tewartin & Doonan Locality Code (Section 12.7);
- 12.5.2 overall outcomes for the Tewartin & Doonan Locality, including for each zone in the locality (Division 15);
- 12.5.3 specific outcomes and probable solutions for the Tewartin & Doonan Locality (Division 16); and
- 12.5.4 specific outcomes and probable solutions for each zone in the Tewartin & Doonan Locality (Divisions 17 to 20).

## **12.6 Compliance with the Tewartin & Doonan Locality Code**

Development complies with the Tewartin & Doonan Locality Code if it—

- 12.6.1 fulfils the specific outcomes for the locality in Division 16; and
- 12.6.2 is a consistent use and fulfils the specific outcomes for the relevant zones.(Divisions 17 to 26)

## ***Division 15—Overall outcomes for the Tewartin & Doonan Locality***

### **12.7 Overall outcomes for the Tewartin & Doonan Locality.**

- 12.7.1 The overall outcomes are the purpose of the Tewartin & Doonan Locality Code.
- 12.7.2 The overall outcomes sought for the Tewartin & Doonan Locality are the following—
  - a) New uses and works are located, designed and managed to—
    - i be compatible with other uses and works;
    - ii maintain the safety of people and works;
    - iii avoid significant adverse impacts on the amenity enjoyed by users of other premises including acoustic and visual qualities; and
    - iv avoid significant adverse effects on the natural environment, including native habitat removal, fragmentation and attrition;
  - b) Development is consistent with the Priority Infrastructure Plan in Part 15.
  - c) Urban development is limited to land within the Urban Growth Boundary as shown on Map ZM9;
  - d) The Tewartin and Doonan Locality lies in the south-eastern part of Noosa Shire bounded by-
    - i. State Forest, McKinnon Drive and Cooroibah Creek and Lake Cooroibah in the north;
    - ii. Noosa River and Lake Doonella in the north-east;
    - iii. State Forest, Eenie Creek and Lake Weyba in the south-east;
    - iv. the Shire boundary in the south; and

- v. Sunrise Road and Tinbeerwah Road in the west;
- e) The locality is maintained as part of a complex system of lowlands and uplands, draining through a variety of sensitive wetlands, watercourses and catchments through which the Noosa River and its associated lakes and tributaries flow, resulting in relatively poor drainage with areas frequently inundated by floodwaters or becoming boggy during, and for long periods after, wet weather;
- f) The landform is characterised by lowlands, with gentle undulations, relatively poor soil in the lower areas, marginally improved soils on the low ridges and a high water table;
- g) Noosa River, its tributaries and lakes fringed by mangroves are protected;
- h) Lowlands drain to Cooroibah Creek and Wooroi Creek in the north and Eenie Creek and Keyser Creek in the south;
- i) The diverse landscape fabric is protected including paperbark wetlands, mangroves, heath lands and scribbly gum forests, particularly along the broad drainage paths and in areas with a high water table;
- j) The low ranges of the Noosa River system support substantial eucalypt forests and form a natural boundary to the locality;
- k) The vegetated ranges that form part of the western vista enjoyed by many other parts of the coastal urban area of Noosa are protected;
- l) Key features of the landform and landscape are protected including—
  - i. Harry Springs Conservation Park and part of the Great Sandy National Park;
  - ii. Tewantin State Forest, which includes Mount Tinbeerwah and the range systems of the sub-coastal escarpment that dominate the vistas to the west viewed from many parts of the locality;
  - iii. the values attached to the Noosa River, Lake Cooroibah, Lake Doonella, Lake Weyba and Cooroibah, Wooroi, Cranks, Eenie and Keyser Creeks; and
  - iv. land with Crown Reserve status adjacent to Cooroibah Creek, the Noosa River and Wooroi Creek;
- m) The Tewantin & Doonan Locality retains its primary role of providing housing for permanent residents;
- n) Tewantin is a vibrant riverside and lakeside urban area with a traditional town character and identity within a vegetated, waterfront setting;
- o) Tewantin maintains the atmosphere of a small country town with residents enjoying high levels of convenience and accessibility to urban services;
- p) The town of Tewantin is serviced by reticulated water and sewerage;
- q) Tewantin maintains a strong historical heritage reflected in the many older buildings of the locality;
- r) Tewantin is a gateway to the Noosa River, the hinterland, Noosa North Shore and the Great Sandy Region;
- s) Within the town of Tewantin, the distinct character of existing residential neighbourhoods is retained, and housing offers high levels of residential amenity, convenience, accessibility and servicing, while maintaining the low density and low scale synonymous with the local character;

- t) The character of residential neighbourhoods vary due to factors such as lot sizes, the established vegetated character and age of the development and open space provision.
- u) Residential neighbourhoods maintain good access to services available at Tewantin and Noosaville Business Centres, schools, sporting facilities, Noosa River and ocean beaches;
- v) **Multiple housing** in the form of duplex units and flats and townhouses for permanent residents are generally focused on areas close to the Tewantin Business Centre, community facilities, parks and public transport services;
- w) Retirement villages and relocatable home parks providing higher density living are located within easy access of the business or neighbourhood centres;
- x) **Visitor accommodation** is focused on the locality's caravan parks and small-scale accommodation in rural settings, as well as the Royal Mail Hotel in central Tewantin and Australis Noosa Lakes Resort on Lake Doonella;
- y) Rural settlement, at varying densities consistent with the environmental constraints of the area, offer high levels of amenity and moderate to high levels of convenience, accessibility and servicing;
- z) Rural settlement and open space are the dominant land uses south of the Tewantin State Forest, and serve to define the boundaries of the coastal urban area of Noosa;
- aa) Rural settlements provide tranquil, bushland settings, where open space, privacy and rural and ocean vistas are key features;
- bb) Rural communities have relatively close proximity to services and recreation attractions in the coastal urban part of Noosa including Tewantin, Noosaville, Noosa Heads, Cooroy and areas to the south;
- cc) Rural settlements are largely without reticulated water and sewerage;
- dd) Access to Noosa-Eumundi Road and the coastal centres of Noosa is maintained for residents in Doonan;
- ee) The urban boundaries of Tewantin remain defined by vegetated edges provided by Tewantin State Forest, Harry Springs Conservation Park, Lake Doonella and the floodplains of the Noosa River and Cooroibah, Wooroi, Eenie and Keyser Creeks;
- ff) The Tewantin Business Centre—
  - i accommodates uses that do not detract from the role of the Shire Business Centre as the principal business centre for Noosa Shire;
  - ii is focused on Poinciana Avenue and serves the residents of the locality and wider hinterland, providing shops, banks, medical centres, professional and personal services, dining, social and recreational facilities, without compromising the small town character or creating traffic congestion; and
  - iii also serves a significant employment and administrative role, with Council offices, government and community services and many different businesses present within the centre;
- gg) The Tewantin Business Centre is predominantly free of through traffic, while public transport ensures local accessibility for residents including target groups such as the elderly, youth and unemployed;
- hh) The following roads are protected as part of Noosa's major road network—

- i Cooroy-Noosa Road;
- ii Eumundi Road;
- iii Emu Mountain Road;
- iv McKinnon Drive, and parts of Butler Street;
- v Poinciana Avenue;
- vi Sections of Doonella Street, Memorial Avenue and Sidoni Street;
- vii Walter Hay Drive;
- viii Beckmans Road; and
- ix Sunrise Road;
- ii) The key character and entry-defining role of the following roads are protected from visually intrusive development—
  - i eastern approach along Hilton Terrace, looking across Lake Doonella where Casuarinas, Eucalyptus, Mangroves and Melaleucas flank the lake shore and Noosa Harbour Marine Village occupies the riverside;
  - ii western approach along Cooroy-Noosa Road past Tewantin State Forest, the golf course and sports fields;
  - iii northern approach along McKinnon Drive past Harry Springs Conservation Park and open space associated with rural settlement and sports fields; and
  - iv from the south along Walter Hay Drive and Eumundi Road, flanked by State Forest, bushland and rural residential development;
- jj) Tewantin contributes to the Shire’s social and economic well-being through the retention of—
  - i the significant business and community activities generated in or by the Tewantin Business Centre;
  - ii access to the Noosa North Shore area, via the ferry crossing at Moorindil Street;
  - iii visitor and resident entertainment, dining; boating-related activities at Noosa Harbour Marine Village;
  - iv recreational opportunities based on the watercourses and State forest;
  - v caravan parks providing low cost visitor accommodation opportunities;
  - vi the primary school;
  - vii aged care facilities and retirement communities;
  - viii major sporting facilities including those of the Noosa District Sports Complex and the Tewantin-Noosa Golf Club;
  - ix the coastal landfill facility and associated recycling and waste collection facilities in the south of the locality; and
  - x State forest resources;
- kk) The environmental, aesthetic and scenic values of the locality, or *watercourses* just outside the locality, are protected and maintained. These include—

- i the Noosa River;
  - ii Lakes Cooroibah, Doonella and Weyba;
  - iii Cooroibah, Wooroi, Cranks, Eenie and Keyser Creeks and their associated riparian communities;
  - iv Mt Tinbeerwah;
  - v the vegetated range systems, particularly in areas close to or visible from Eumundi Road, Cooroy-Noosa Road and Beckmans Road;
  - vi Tewantin State Forest;
  - vii views to Noosa North Shore;
  - viii lowland areas in their natural state; and
  - ix major open space network links between Lake Cooroibah, Tewantin State Forest, Lake Weyba and open space areas to the south;
- ll) Areas of native remnant or regrowth vegetation, including their biodiversity and habitat values are protected;
- mm) Development provides for low impact nature-based recreation activities in and around the Noosa River over other forms of more intensive recreation.
- nn) For the **Detached Housing Zone**—single detached housing prevails which maintains—
- i a low impact, low density development form of domestic scale;
  - ii a high level of residential amenity;
  - iii building styles befitting the character of the locality and which respond to, and are integrated with, site characteristics including slope and native vegetation; and
  - iv landscaped settings consistent with the character of the locality;
- oo) For the **Semi-Attached Housing Zone**—residents are accommodated in detached or semi-attached housing forms that—
- i offer a high level of residential amenity, design quality; and
  - ii are located within convenient access to the *major road network*, goods and services and employment centres;
- pp) For the **Attached Housing Zone**—residents and visitors are accommodated in predominantly attached housing forms that—
- i contribute to a high level of residential amenity, design quality and safety;
  - ii respect the scale and character of the streetscape and surrounding development; and
  - iii are located within convenient access of employment centres, goods and services, public transport and community facilities;
- qq) For the **Neighbourhood Centre Zone**—
- i Neighbourhood Centres form focal points for the local community and visitors, providing shops, offices and limited higher order services to support the day-to-day needs of residents and visitors; and

- ii Business Uses offer local employment opportunities, encourage equitable access to services and are of a scale and character consistent with the locality and Noosa's retail hierarchy;
- rr) For the **Business Centre Zone**—
  - i significant retail and commercial uses provide residents and visitors with a range of goods and services including some higher order services;
  - ii the Business Centre is a significant employment node and is serviced by public transport;
  - iii a mix between business uses and upper level employee housing reduces commuting pressures and creates a vibrant environment with opportunities for both day and night time casual surveillance;
  - iv retail uses are focused on Poinciana Avenue; and
  - v pedestrian safety and accessibility is maintained or enhanced;
- ss) For the **Community Services Zone**—land committed or planned for community purposes—
  - i is protected and managed to enable the efficient and timely delivery of community services; and
  - ii is consistent with the indoor recreation, education, social and safety needs of the local community, including people with special needs, such as the elderly, children, low income earners and disabled persons;
- tt) For the **Rural Settlement Zone**—detached housing on large lots—
  - i is the dominant building form, to the general exclusion of other uses;
  - ii incorporate designs that respond to, and are integrated with site characteristics including slope and native vegetation;
  - iii contribute to the rural or semi-rural character and amenity of the area;
  - iv may be located in close proximity to working farms or other rural industries; and
  - v offers a relaxed rural lifestyle for residents;
- uu) For the **Rural Zone**—rural land is protected and appropriately managed such that:-
  - i. the scenic and environmental values, the distinct rural amenity and agricultural productivity of the locality are preserved and are not adversely impacted as a consequence of development on or adjacent to that land; and
  - ii. locally appropriate enterprises such as bed and breakfast accommodation, farmstays, cabins, camping grounds, roadside stalls and home based businesses enhance the economic sustainability of the hinterland; and
- vv) For the **Open Space Recreation Zone**—areas of open space contribute to the desired lifestyle of residents by offering a variety of passive and active recreational experiences that are conducive to community interaction and wellbeing; and
- ww) For the **Open Space Conservation Zone**—natural environmental values of high order and warranting conservation status are—
  - i protected for their importance in contributing to *ecological sustainability* including maintenance of water quality and provision of habitat and open space linkages; and

- ii appropriately managed to the general exclusion of development or any further subdivision of freehold lots.
