

## Noosaville Natural Hazard: Bushfire & Acid Sulfate Soils Overlay (Map OM8.4)

Printed: 3 July 2017

Version: Alignment Amendment Commenced 3 July 2017

This map is a reproduction from Council's GIS, has a scale of accuracy of 1:25 000, although data on which it is based was gathered at mostly finer scales. Precise boundaries may need to be defined by site survey. Council Copyright Reserved.

This map identifies areas that may experience identified hazards. It does not mean that the area indicated will be affected by the particular hazard shown.

A detailed assessment may be required as part of the development assessment process to determine whether the area is affected or not.
