

Attachement 2

2019-22 Three Year Environment Alliance Agreement

Applicant	Special Conditions	Recommended Funding
Flying-fox Rescue Release Noosa Inc.	Flying Fox Rescue is to continue their 24/7 rescue community service and expert advice on flying fox management. Continue to provide public education in the form of community presentations, school visits and allow interested persons to visit their rescue and release centre. Provide data of number of flying foxes rescued, rehabilitated and released, as well as the locations.	\$11,000.00
Mary River Catchment Coordinating Committee	Not eligible as project already funded for three years, and nature of activity is not an alliance grant. Encourage to apply for multi-year collaborative project grant when available.	\$0.00
Noosa & District Landcare Group Inc.	Manage and maintain volunteer programs and education regarding weeds, land management and threatened species conservation. Support in the administration of the organisation allows for a high degree of leveraging the funding to new environmental projects in Noosa.	\$10,000.00
Noosa Community Biosphere Association		\$0.00
Noosa Integrated Catchment Association Inc.	Provide and administer programs such as weeding, river patrol, Waterwatch, catchment excursions, auspicing Bushland Care Groups, native plant education, and Learning Local with Schools. NICA have recently refocused their purpose as a member-based organisation undertaking on-ground environmental action.	\$16,000.00
Wildcare Australia	This funding will allow wildlife carers to purchase medicines and consumables for sedation and euthanasia of critically injured local native wildlife each year.	\$1,000.00
Zero Emissions Noosa Incorporated	Will allow ZEN, completely run by volunteers, to increase their capacity to apply for grants, develop partnerships, and push Noosa towards achieving zero net emissions as a community. A newer group with great capacity if properly supported.	\$18,000.00
Total		\$56,000.00
